WELCOME TO YALE CONTROLS

OUR PROCUREMENT CAPABILITIES:

Via excellent and professional services, quality products and process efficiency, we've remain a destination of choice for material procurement to the Mainstream and Downstream Oil & Gas sector, as well as other sectors of industries, bringing home to the Nigerian Industries the globe in one market place. Our wide range procurement service spreads across world's renown product manufacturers such as; Asco Numatics, Transcat, OBL Pumps, Data Track Process Instrument and Indicators Ltd, Honeywell Inc (Sensing & Controls), Richard Industries, PGI International, Crewsaver and Kotaminyak Intra Automation. Our experience in Material Procurement has built us a reliable routine-template that eliminate logistics inconveniences along its peripherals.

In order to improve service delivery, respond to customer enquiries and meet their critical stock requirement, Yale controls carried out an upgrade of her procurement facilities. The company has installed a dedicated VSAT, Satellite phone to further strengthened her manpower in procurement services.

Our in-house engineers have extensive experience with process plants to review technical specs upon bid for technical equipment. All material is inspected before shipping so that discrepancies are resolved. This assures that the customer receives the correct material, ready for use, eliminating shortages or errors that can delay a project.

Our procurement service is designed to work
with our customers' requirements, procedures
and rules.

Our Traffic Department concentrates on providing the best rates available to meet the required delivery. We use only qualified carriers. We use premium air services only for true emergencies. Overseas ocean and air freight are also carefully controlled to assure the best possible price in line with delivery requirements. We routinely handle hazardous material and other special freight problems. Our experience helps eliminate delays.

OUR PARTNERS

Yale Controls is in partnership with leading products manufacturers and service providers in the engineering industry, to deliver the efficacies of their products and services to the region we cover. The giant manufacturing firms we partner with include;

ENERPAC 

ASCO 
EMERSON™

 **RICHARDS**
INDUSTRIALS

 **legrand**®

KOBOLD 

FLARE INTERNUSA®
by **kotaminyak**

Via our partnership, we receive excellent pricing which we pass on to our customers.

OUR PRODUCTS

Compressors & Spares

Gas Turbines & Spares

ASCO Numatics Products

Pumps of Various Types

Pipes and Tubes

ENERPAC Products

Flanges

Fittings and Filters

Legrand

Overhead Cranes

Motors and Starters

EMERSON Products

Control Panels

Circuit Breakers

AVENTICS Products

OUR PARTNERS' PRODUCTS

Enerpac are manufacturers of mechanical and hydraulic cylinders, jacks and rams, and various kinds of engineered systems for precise control over multiple lift points.

Yale Controls is connected to Enerpac's extensive network of distributors worldwide. Our partnership with them is geared towards availing our clients an easy reach to their products and services to help them maximize efficiency and optimize production.

You can be sure to meet your demands on Enerpac's products when you. **CONTACT US!**

ASCO Numatics are world leading solutions providers of comprehensive fluid automation systems. Their innovative technologies create fluid control and pneumatic products and services that help customers maximize efficiencies and optimize production. Their product lines include a wide variety of Valves, Cylinders, Air Preparation Equipment and Accessories.

We are in partnership with ASCO Numatics to bring her superior products and services down to the region we cover. Our partnership with world leading product manufacturer and service

providers is geared towards availing our clients an easy reach to products and services that will help them maximize efficiency and optimize production.

You can be sure to meet your demands on ASCO Numatics products when you contact us.

Yale Controls is in partnership with Richards Industries, a famous manufacturer of industrial valves that provide solutions for specific applications. Their products includes, pressure regulators, control valves, ball valves, instrument hand valves and steam traps. Their innovative products spread through their various brand names;

JORDAN VALVE

Pressure Regulators
Back Pressure Regulators
Sliding Gate Regulators
Gas & Tank Blanketing Regulators
Temperature Regulators
Control Valves
Sliding Gate Control Valves
Wafer Style Control Valves
Globe-Style Control Valves

STERIFLOW VALVE

Sanitary Pressure Regulators
Sanitary Back Pressure Regulators
Sanitary Control Valves
Sanitary Steam Traps
Sanitary Check Valves
Sanitary Sample Coolers

LOWFLOW VALVES

Fractional Flow Control Valves
Pneumatic Control Valves
High Pressure Control Valves
High Pressure Regulators
Pressure Reducing Regulators
Diaphragm Sensed Regulators

HEX VALVES

Instrumentation Hand Valves
2-3-5 Manifold Valves
Instrument Ball Valves
Monoflange Valves
Monoweld Valves
Needle Valves
Power Valves

MARWIN VALVES

High Pressure Ball Valves
High Temperature Ball Valves
Three Piece Ball Valves
Two Piece Ball Valves
Multi-port Ball Valves
Flanged Ball Valves

BESTOBELL STEAM

Delta Element Steam Traps
Steam Traps
Sanitary Steam Traps
Float & Thermostatic Steam Traps
Inverted Bucket Traps

Yale Controls is a sure channel to Richards Industries innovative products. **Contact us today!**

AVENTICS 

AVENTICS is one of the world's leading product brands for pneumatic components and systems, providing products and services for industrial automation. Yale Controls has robust link to her products and services. Our team of experts are familiar with Aventics products and services.

You can rely on our vast procurement tentacles to meet your demands on Aventics products. Be it;

- Pneumatic cylinders, drives and grippers
- Cylinder accessories
- Valves and Valve Systems
- Valves and valve systems according to standard
- Pressure regulators
- Flow and check valves

-Compressed Air Preparation
-Vacuum technology
-Sensor technology
-Pneumatic Connection Technology

-Electrical connection technology
-Smart Pneumatics

You can rely on us. Contact us today!
